MLS® #829161

\$1,725,000

3 Bedroom, 3.00 Bathroom, 2,962 sqft

Residential on 0.45 Acres

N/A, Holmes, NY

Imagine lake views from every window in the house. This contemporary home is perfectly situated on a peninsula in beautiful Lake Dutchess. Enjoy swimming, skating, kayaking and a private beach. The modern architecture, attention to detail and well thought out floor plan truly make this a one-of-a-kind home. The .45 acres offer privacy from neighbors when entertaining on one of many decks or enjoying conversation around a night-time fire pit. This home was tastefully renovated in 2021 with every modern amenity for an energy efficient home. As you enter the great room, your eye is drawn to the wall of glass overlooking the lake. The glass walls are highest rated "Origin" glass and were built to reflect the heat in the summer and absorb the heat in the winter. They are storm proof and 0.28 U factor. There is radiant heating throughout the entire house, which minimizes the utility usages. Each bathroom has its own electric heating control for your own unique experience. The pre-engineered 8in planked white oak floors are consistent throughout the house. A stylish, highly efficient N65 wood burning stove not only looks great, it adds additional heat on those cold winter days as you snuggle up and gaze out onto the snow-covered lake. Tesla car charging is available in the garage. The house lives larger than a 3-bedroom home and can easily be transformed for more overnight guests. This house also generates an income and pays for itself as an established Air B&B.
